

B.Sc. (Hons.) in Sustainable Development and Environment Management

A four-year undergraduate honours program designed to equip students with the knowledge and practical skills to address environmental challenges and promote sustainable development.

The program integrates environmental science, ecology, climate change, natural resource management, environmental policies, and sustainable technologies to prepare graduates for careers focused on conserving ecosystems and ensuring responsible use of natural resources.

The curriculum combines scientific principles with practical learning through laboratory work, field studies, environmental impact assessments, GIS applications, sustainability projects, internships, and research. Students gain expertise in biodiversity conservation, waste management, renewable energy, environmental auditing, pollution control, climate resilience, and sustainable resource planning.

CAREER OPPORTUNITIES

- Environmental Officer
- Sustainability Consultant
- Environmental Analyst
- Climate Change Specialist
- Environmental Impact Assessment (EIA) Executive
- Waste Management Specialist

KEY HIGHLIGHTS

Duration: 4 Years (8 Semesters)

Eligibility: Bio Maths, Computer Science, Pure Science, Bio Computer Science, Commerce with Computer Applications, Commerce with Business Maths, Commerce General, Arts and Humanities, Vocational.

Mode: Full-Time

Practical Exposure

Field surveys, environmental monitoring, GIS and remote sensing applications, laboratory training, internships, and community-based sustainability projects.

Core Areas

Environmental Science, Sustainable Development, Climate Change, Ecology, Environmental Management, Renewable Energy, Waste Management, Biodiversity Conservation, Environmental Laws, GIS, and Environmental Impact Assessment (EIA).

- Renewable Energy Consultant
- Environmental Compliance Officer
- Natural Resource Manager
- GIS and Environmental Data Analyst
- Environmental Educator
- Research Associate
